HINTS FOR PLAYERS.

1. Never kick a referee, no matter what the provocation—closing your eyes at him.

2. Always beg the pardon any player whom you might happen to injure; do not let him think you are heartless, and, during the game, if near him, make kind enquiries as to his health. Little things like that make the difference.

3. If you suddenly become aware that your nose is buried in the ground, and an opponent is sitting on your neck, do not address him in a hasty manner, remember that he cannot be in two places at once, and far better be it that he recline on your back than that he score a goal.

4. Never win by too great a margin; besides being extremely bad form, it makes the other team uncomfortable.

5. Always be generous; if a point be in doubt, give it to your opponents without hesitation, they will want to play you again.

6. After a victory on your part, always go to the opposing captain and thank him, at the same time commiserate with him, make some tactful reference to the worst mistakes of his team. The way in which he receives you will take your breath away.

7. If the selectors disagree, you, never commit the mistake of abusing them in public, but go to their homes one Sunday afternoon and quietly discuss the matter with them. You will probably become fast friends.

8. Never wear more than eight or ten medals on the chain at the one time, or you will think you wish to draw attention to them.

PROSPECTS DISCUSSED.

The President's Optimistic Outlook.

Good Season Anticipated.

In the years that are to be, we always look back to the present season, 1925, as the most promising, so far as the destiny of Soccer Football is concerned, in this country.

It is an epoch-making year for Australia, on account of the coming English Tour, but it also has a double importance, in relation to the advancement of the game in the Metropolitan area, inasmuch as the Club System has been abandoned in relation to the Clubs, and the District Re-organisational scheme introduced.

The steady decline in the standard of play during the past three seasons, called for some definite measures, in order that the standard which had been attained and retained for many years prior to the present should again prevail.

It was absolutely imperative, therefore, to be sincere, in our desire to reorganise Soccer Football the present winter pastime, and also as a gift to our patrons. After a long and protracted and prolonged process, during the close season, the present District scheme has been introduced and bids fair to realise the ideals of the optimists and to make us champions of it.

Personally I am convinced that the coming season is one full of possibilities, and am very optimistic of the ultimate success.

The District Clubs, on the re-organisation of the first round of the season, appear to be very well balanced, the play even at the present stage showing a decided improvement over that of last season.

The forthcoming English Tour will be an incentive to our players, and all are aspiring to the high standard and the good accruing is of considerable value to the success of the scheme.

The Premiership Competition this season should produce some sparkling displays worthy of our great game.

The decision to allow Senior Clubs a percentage of the gate takings, is certainly breaking new ground in the Metropolitan area, and much can be said for and against, but it will without doubt be an encouragement, and an added inducement to officials controlling clubs, to carry on because they know that some of their financial troubles will be smoothed over, and the financial demands of the past, upon the players will be eliminated.

This is going to be a potent factor in the scheme, as it allows of a tightening up of the player's responsibilities in respect to training and discipline, and will allow in return privileges and concessions which heretofore were non-existent.

Further, and the all-important fact is, that the District Junior Association is called upon to affiliate with the District Senior Club, the aim being to give the Club autonomy over the promising junior, and, at the same time, to financially assist the juniors where possible.

This makes for a continuity of control from the junior to the senior player.

The regrettable feature of the season, is that some of the grounds leased to the Clubs are not in that condition, which enables the player to demonstrate the finer points of the game, and it is a matter requiring urgent attention during the close season.

Summarised, the general outlook was never better, and although a very strenuous season is ahead of all connected with the Code, still I am optimistic enough to say that at the close of the season, Soccer Football will be on a higher plane in the estimation of its patrons, and that our standard of play will have shown a marked improvement, which is the pre-eminent factor in our ultimate success.

W. LINCOLN,
President M.S.F.A.

DID YOU KNOW THAT—

The New South Wales Selectors have chosen twenty-nine players to go into training in preparation for the English matches—11 from the Metropolis, 11 from the Northern District, and seven from the South Coast.

The Metropolitan Selectors will be meeting to select an additional number of Metropolitan players to prepare for the Metropolitan match.

The St. George District Club desires to play its return match against Granville at Clyde Oval. This surely is a tribute to the equitable arrangements under which the gates are being distributed, and also to the drawing power of Clyde Oval.

The question is being debated, as to how the other ground proprietors will fare, if some of the clubs desire to play matches away from home.

THE WING HALF.

WHO SHOULD HE MARK?

Interesting Article

BY STEVE BLOOMER.

How many of my readers have noticed that in League football various clubs have various styles of play? All of you will answer, "Everybody has noticed that." Good! Then how many can tell me the clubs which adopt the policy of the backs taking the opposing extreme wingers, and the wing halves taking the inside men, and vice versa? I am reminded of this topic by the visit of Portsmouth to Derby last Saturday, for "Pompey" is still one of the clubs which adopt the "back take the winger" style. I might whisper that the last time I was in touch with Portsmouth officials it was a well-known fact that John Mc'Cartney, as astute a Scottish manager as ever took the helm of an English club, had one idea, and the chairman of the club had another. "Mac" has faith in the "half take the winger" theory, whereas the chairman—and a mighty sound judge of what scientific football ought to be and is, is this gentleman—holds forth that the "back take the winger" is the correct method in good football. It is an intriguing subject, for there are two schools of thought, and these schools think so differently, and are so diametrically opposed that they will never come together and have an amicable settlement. What is the real difference? Well, firstly, let me take the "back take the winger" theory. **Here the main idea** is that the two backs are wide apart, and that the three halves form a solid bulwark in front of goal, thereby covering the three inside forwards, who are rightly regarded as being the most dangerous marksmen, and therefore ought to be most carefully covered.

It sounds very feasible; it sounds like good logic. In actual play it does not work out nearly so well. It requires the acme of understanding between backs and halves. It calls for backs who are extremely fast and very good at recovery. It also calls for backs who can place a ball when they clear their line, for in this style of game the backs are a force in aggression—that is, they

are expected to be able to find time to feed their forwards. The halves are busier, and are more cramped in the middle of the field. Of course, they also are a great factor in all aggressive work; but usually you find that when this policy is adopted the whole team has to adopt the short-passing game. Where the wing half takes the outside man of the opposing attack the work of the centre-half is considerably heavier, and he ought to have as complete an understanding with his two backs as it is possible to cultivate. But there is one great advantage about this style. All the players in defence have plenty of room in which to work, and there ought not to be any necessity for a lot of tip-tap toe work before the ball is finally put forward to one of their own forwards.

Favours Open Play.

The whole argument comes to this: "Is the short-passing game more profitable than the long-passing game?" I vote for the open style. I will never say it is the cleverer or prettier—it isn't. It may not require such talented players to perform it, it may not call for such infinite ball control, but it does get results. The best football anyone can see is when you find two teams playing the short, sharp passing game on a ground which is not too light but in no way heavy. This sort of game takes one's breath away, not because it is thrilling, but just because it is all so accurate and clockwork-like.

But the games which produce the goals are those where one team adopts the open policy against another which persists in the short-passing game. It isn't often that the latter is successful, especially if the halves of the former team are cool and calculating. If they will wait their time and jump in when a short pass is not made with the utmost accuracy, their task of breaking up this style of play is quite easy. I've had many an argument with old players on this subject. Defenders have come to me and said, "Steve, you don't play football. You drive a long pass to outside-left, slip up the field to receive the return pass, and then drive it home. It's all over then." Admitted, but I was always told that when I got on the field I forget all the ball juggling that I did when training, and only thought

about goals. I may have been wrong in my ideas, but I always thought that the most essential thing in football was the score of goals—which count most—to me, the easiest and most direct way to goal was always my ject. Why get there by a devious path when you can travel broad highway? You miss "scenery" and the "effects," you get there. I love the craftsman in football. I delight in ornate and the arts. But to the craftsman who could deal with his tricks and guiles in the field yet get nothing tangible his work was only masquerade in a game where points are obtained by goals! I may have worshipped the material; I have ripped all the embroidery from my play, but I was there to win matches, not to beat a man once or thrice, or to pass and receive and pass again when one's well-directed kick would do the work that is necessary. I let the two schools of thought on; it makes for change and prevents football from becoming stereotyped.

THEY SAY—

Canterbury gave a good exhibition against Gladesville-Ryde considering they were playing together for the first time as a combination.

Canterbury can improve their team at least 50 per cent. They will take a deal of beating.

Gladesville followers consider that Brown, the Canterbury full back, is the best left back in the State.

Archie Manuel (late Eastern Suburbs) played a clever game considering it was his first for two seasons.

Bailey and Loveridge who have each been out of the team for a considerable time, are in first-class style.

Angus Forbes, although "agin" District Football, is to assist his local team shortly.

The Cantabs 2nd grade have won all its games, practice and competition.

OPEN LETTER.

To the Selectors of Canterbury District Football Club.

Dear Friends,—

Although not wishing to intrude in any way, I desire to make a few suggestions for the good of the Canterbury Soccer Club. I would like to point out weaknesses in the First Grade team. No doubt last Saturday was a great victory for my old team. For Gladesville-Ryde are fairly strong. We must be grateful for the great help of Alewood, and our local junior, S. Bennett, for this, but in my opinion more juniors

are required, as the older players who are now supporters of the club, recognise. Now, I think if the Canterbury selectors placed S. Anderson in Herron's place at full back, the team would be improved. "Jimmy" has been a great player, but I think he should now keep me company on the line. Another suggestion: I think a good centre half could be obtained from the old Canterbury Juniors, or Marrickville Avoca Clubs, and also I would say bring Crozier up to replace Sarchfield at outside left. The team work would be improved if Loveridge, or Anderson were appointed captain. Canterbury will be the Canterbury of old pre-war days if those in charge take heed.

In conclusion, I wish to congratulate you all for your splendid victory and hope for another next Saturday from Easts.

Yours, etc.,

E. BANNISTER.

Reports indicate that the code is rapidly extending in country centres, clubs being established at Katoomba, Lithgow, Cootamundra, Harden, Goulburn, Wagga Wagga, Lismore, Armidale, Ten-terfield, Canberra, and the Murrumbidgee area.

THE ENGLISH GOALIE.**What the “Athletic News”
Thinks.**

“The Athletic News” commented as follows when Hardy, one of the English keepers coming to Australia, was selected for England against Belgium:—

If somewhat unprepared for the honor accorded Harry Hardy, the League's new goalkeeper, the followers of Stockport County have felt that before long the call would come.

Hardy is a goalkeeper with a capital record. Born in Stockport and discovered at play in local

games, he was placed into County's senior team in the match of 1920-21, and since September 4th of that season not missed a League engagement—a sequence of 170 consecutive matches.

It was an unhappy season for Stockport, as they descended the Third Division, but Hardy fully played his part, as in the following term when he helped his club to promotion.

A goalkeeper exceptionally Hardy has impressed because of his intelligent work in taking position and his safe fielding the ball.

Protestant Churches Association

The Season's Prospects.

Well here we are again. After months' rest we are here in ready for another arduous season.

In the first instance we would like to compliment the officials of Eastern Suburbs and Manly for their inauguration and wish them the success they deserve.

Leading of ourselves. The names of Patron, President, Secretary and Treasurer, and Hon. Secretary are filled by last year's officials.

Mr. Registrar, Mr. E. Meyer of Springside Street, has signalled his advent to the Churches by being the manager of management's decision that registration forms be sent following on the system of the P.C.R.A.

Mr. Warren, Lewis and others are new to the Church administration.

Such a M.C., the Churches will be as well—if not better considered than in previous years.

Statistics are similar to 1924. As we have no St. George's we have an extra division in Second Grade.

Teams A and St. Johns Balmain go very close in the Inter-Club Competition, though the team in first grade has to be content with.

It is far too early to attempt forecasts for other divisions and competitions should be watched.

Representative matches have been arranged with the South Wales Soccer Football Association and Kearsley F.C. or others.

The Churches have again affiliated to the Junior Board of the N.S. Wales (Metropolis), which we intend to support in the future. It is to be hoped that other Associations (including the wider body) will respect the N.S. Wales ruling.

Season of Meetings.

Our meetings will be held at St. Barnabas' School Hall, West West, City. This is central to all teams, and we can intimate that local teams have any advantage.

Teams.

We are sorry to lose many of our old friends. Newtown's A and B are no more. For three years they lived with us, but after winning the medals last year have evidently decided to retire. St. Paul's Rozelle have also deserted us. Alexandria Congs. and Mr. C. A. Hannan will not figure in our matches during 1925.

All Saints have been able to put two teams in field, as they did a couple of years ago. Judging by the distance some of their players live from the Church, their religious enthusiasm is commendable.

St. Thomas and Marrickville Presb. will also double bank.

New teams are very noticeable some of the players entering into their first season of Soccer.

P.C.R.A.

A good membership is expected this year, though at time of going to press the annual meeting had not been held. Further particulars will be given next week.

28th April.

A special Council meeting will be held in St. Barnabas' School Hall on Tuesday, 28th inst. The draw will be available at this meeting.

"Soccer News."

This paper will again be the authentic medium between the Association and players, and all clubs are urged to place their orders with the Manager (Mr. S. Stack), Box 925, G.P.O., Sydney, as early as possible.

NOTES ON THE PLAYERS.

Joe Fisher impressed at Easton Park last Saturday, and should be in the running for Metropolitan selection.

Sid Alewood is in fine form. He was selected as Master's deputy in the sixth test match against the Canadians, and should have been included in the players selected for training by the N.S. Wales Selectors.

Barney Brennan is probably the most versatile forward in the Metropolis, being equally at home in any position in the forward

line. He is a brilliant outside left, and a very good goal-getting centre forward. He has already scored two penalty goals this season, and has not missed scoring from a penalty kick for three years.

Simmonds, Balmain's Second Grade goalie, is improving, and looks like turning out a champion.

J. Burns, of Canterbury, has been playing for Thirroul, but must now return to the Cantabs on account of a N.S. Wales Association ruling, or run the danger of being disqualified.

Some prominent players of last year are missing this season. Wilson, Forrester, and Sherringham, all of Sydney; Gallen, of Balmain, and Ramsay and Henderson, of Granville, are among the number.

According to report, Ramsay desires to play for Balmain, and is going to wait till he completes three months' residence to qualify.

Stan Anderson, a famous left back a couple of years ago, was a spectator at Ibrox Park watching his old club, Pyrmont, last Saturday. He resides in the Canterbury area, and would be an acquisition to the Canterbury Club.

It is pleasing to see Teddy Loveridge doing so well. He was a half well beloved of crowds a couple of seasons ago.

Les Jelfs, a power in Annandale's ranks, in the opening years of the war, is showing pretty good form as centre half in Balmain's second team. He should do better each Saturday.

Harry Spurway did not show his old-time brilliance at left half last Saturday, according to reliable report, but is expected to improve.

Robertson, the G.R.'s left winger, should be another in line for selection for the big games. He is brilliant at times.

Pyrmont's defence was disorganised in the early stages last week on account of the absence of Sid Robinson, who will, however, play to-day.

Metropolitan Junior Association

THE NEW SEASON.

The Juniors commenced the 1925 season last Saturday, when all competition matches were played with the exception of the All-Age, which was postponed one week.

Owing to the range of activities being curtailed, there has been a marked falling off in the entries this year; same consist of 5 in All Age, 7 in A grade, 7 in B grade, and 13 in C grade, but judging by the standard of play in most of the matches all competitions are going to be closely and evenly contested.

Officials were pleased to see the number of people who were present at Primrose Park, as this was the first day, and it augurs well for a successful season.

Club Secretaries are again reminded that meetings will be held on Tuesday nights in future.

Before a large gathering of junior players at the Deaf and Dumb Hall on Tuesday night, Messrs. Jones and Gill, of the Referees, explained the rules of the game, which was highly appreciated by those present.

Club Secretaries please note that ground fees for matches played on Algie Park, and Cook's River grounds are to be paid to Treasurer G. Harget, on the Tuesday night after match.

JUNIOR BOARD OF CONTROL.

The Annual Meeting.

The annual meeting of the Board was held last week, Mr. Sam Howard presiding over a full attendance of delegates. The Secretary's report, which was adopted, pointed out the great progress of junior football during the past season. The election of officers resulted in Mr. Sam Howard and Mr. F. C. Packer being re-elected as chairman and Hon. Secretary-Treasurer respectively. Mr. Frank West was re-elected Hon. Auditor, whilst Mr. R. H. Henry, of the P.C.S.F.A., was appointed to act during any temporary absence of the Hon. Secretary.

With the new scheme of football adopted by our parent body, each Junior Association will give its hearty support to ensure the success which should result from the introduction of the scheme.

Erskineville Rangers v Glebe Jrs., Primrose Park, No. 2, 1.45.

The affiliated associations to the Board during the season will no doubt comprise the following: M.J.S.F.A., P.C.S.F.A., St. George, Granville, Canterbury, and Ryde of last season, and Eastern Suburbs and Manly, two newly-formed associations. With such a combination of bodies working harmoniously together much good work should be fostered for the benefit of junior players during the present season.

The Association Cup will again be played for by each Association entering a team; the present rules provide for each team to meet each other once, the winners to be declared on points; a move is, however, on foot, and a motion will be brought before the next meeting of the Board to have the competition controlled on the knock-out principle; the Protestant Churches' delegate will lead the debate on this all-important subject.

INSURANCE FUND.

It has been definitely decided to inaugurate an insurance fund for the benefit of junior players and the executive have been asked to place before the next meeting a concrete scheme.

Such a plan is worthy of support, and no doubt when a scheme has been properly pondered and brought under notice of the various clubs Association, the necessary support will be forthcoming.

JUNIOR INTERSTATE MATCH.

The return visit of the junior team from Queensland will take place this year, and no doubt the match will be played against Metropolis in Sydney. This will be the first occasion on which the Junior Board has contracted such a fixture, and the selectors will be able to do justice to Metropolis when the team is announced.

POSTPONEMENT OF MATCHES.

The M.S.F.A. has decided to instruct all Junior Association to postpone their fixtures on the occasions when the English team play in Sydney, namely, May 1st, June 8th, July 4th, and July 11th. Although our various Junior associations are adverse to postponements, your executive will carry out the instructions, and thus do their share towards the success which we all look forward to, as the result of the visit of our oversea friends.

LAST MINUTE COMPLIMENT.

Some people have said that the English team for Australia is so strong as it might be. Graham (Milwall) was chosen to play against Scotland, and he delayed his departure in order to play in that match, and then travelled overland to meet the team in Toulon. This is the highest compliment our F.A. can pay an English player. J. Elkes was a regular in the same match.

Hardy, the goalie, Seymour outside left, and Elkes, inside right, are considered by Meredith Veitch and other famous players to be the best in the Kingdom for the positions they occupy. Other internationals are included in the side, and the rest are first-class men.

Abbreviated Laws of the Game

Eleven Players from a Team.

(For Positions see Team List).

HANDLING THE BALL.—The goalkeepers only may play the ball with their hands, and they only within the penalty area. **INTENTIONAL** handling only is penalised by a free kick to the opposite side, opponents keeping back ten yards.

OFF-SIDE.—This is the hardest rule of all. A player cannot be off-side in his own half of the field of play, nor when the ball is last played by an opponent, nor if he is behind the ball when it is last played. He cannot be off-side when a corner kick or throw-in is taken, this protection ceasing when the ball is again played by one of his own side. With these general exceptions a **PLAYER MUST HAVE AT LEAST THREE OF HIS OPPONENTS NEARER THEIR OWN GOAL LINE.** To be penalised a player must be playing the ball or interfering with the play.

FREE KICK.—A free kick is

awarded for handling the ball, tripping, kicking, jumping at, holding, pushing, or illegally charging an opponent or dangerous play.

PENALTY KICK.—This award for the following infringements within the "penalty" area (18 yards mark): Tripping, kicking, striking, jumping at an opponent, handling the ball, holding, pushing, or illegally charging an opponent. All players except the player taking the kick and the opponents' goalkeeper must keep outside the penalty area. The kick is taken from a mark 12 yards from the goal line.

GENERAL.—Intentional infringements only are penalised, and generally speaking the "advantage" rule is followed.

Charging is permissible, but must not be violent or dangerous. Charging behind is illegal unless an opponent is obstructing, but it must

under no circumstance be dangerous.

GOAL.—A goal is scored when the ball has passed between the posts, under the bar, and comes over the goal line.

CORNER KICK.—If the ball is played behind by one of the attacking side, an opponent shall stand within one yard of the flag.

THROW-IN.—The ball is in play when it has passed completely over the touch line. The throw is taken by an opponent, who must stand with part of both feet on the line and throw the ball with both hands over his head.

DURATION OF GAME.—When otherwise arranged, the duration of a game shall be two 45 minutes.

JUNIOR PLAYERS.

District Responsibilities.

The Management Committee of the M.S.F.A. decided on Monday night that the Gladesville-Ryde and St. George District Clubs who each had difficulty in fielding a Second Team on Saturday, owing to junior players failing to play when called upon to do so, be asked to supply the names of the junior players concerned, the intention being to take action against them.

MUST SUPPLY A BALL.

The M.C. of the M.S.F.A. has decided that each club must supply a ball at each match, and ordered that Club Secretaries take note of this instruction through the "Soccer News."

IMPORTANT RULING.

By the State Association.

The New South Wales Association last week-end decided that each First Grade Association has jurisdiction over all players in its area, and that a player cannot play in competitions in another area, without applying for a transfer through the Association for which he is residentially qualified.

THE DISTRICT CLUBS' BOUNDARIES.

Pymont.—The municipalities of Glebe, Newtown, Erskineville, Darlington, Camperdown, Redfern, Alexandria, Waterloo, and Botany, and that part of the city of Sydney west of George Street.

Eastern Suburbs.—The municipalities of Randwick, Paddington, Waverley, Woollahra, Vaucluse, North Sydney, Manly, Mosman, and that part of the City of Sydney not included in Pymont's territory.

Canterbury.—The municipalities of Enfield, Canterbury, Ashfield, Rickville, and Bankstown, and that part of the municipalities of Burwood and Ashfield south of the Main Suburban line.

St. George.—The municipalities of Hurstville, Kogarah, Rockdale, and St. Peters, and the Sutherland Shire.
